Fast Answers Built on Better Evidence

ClinicalKey for Nursing is a clinical search engine that makes it easier to find and apply relevant knowledge.

- **Fast** Recognize concepts and offers shortcuts to critical nursing answers
- **Complete** Access a wide range of current, trusted, specialized nursing content and multimedia
- **Convenient** Easy to discover, share and apply content anywhere
- **Trusted** Content from Elsevier, the same healthcare professionals worldwide rely on

Support for Improved Outcomes at the Point of Care

- **Topic Pages** Access to 2,500+ disease Topic Pages with fast answers for nurses around assessment, diagnosis, planning, implementation and evaluation.
- **Mobile Optimization** Discover, share and apply content anywhere with remote access and an interface optimized for mobile devices.

Personal Access for More Benefits

A ClinicalKey for Nursing personal account lets you customize your experience using special features, such as:

- **Presentation Maker** Create fast presentations by selecting images from search and browse results.
- **Saved Content** Click the "Save" icon on search and browse results to store content—then tag items for faster access later.
- **Patient Education** Choose from 15,000+ patient education handouts, customizable to fit each patient’s specific needs.

Five simple steps to create a personal account.

1. Visit [clinicalkey.com/nursing](http://clinicalkey.com/nursing) within your institutional network or IP range.
2. Click the Register link.
3. Enter the required data — your email address will be your username.
4. Confirm your password by re-entering it.
5. Congratulations! You’ve created a new personal account.

If you require remote access outside of your institution’s network, please contact your institutional administrator.

ClinicalKey for Nursing takes you from searching to presenting, quickly and easily.

1. **Smart Search**
   - Begin typing in the search bar to get started. Smart Search immediately offers shortcuts.

2. **AutoSuggest**
   - As part of Smart Search, AutoSuggest provides related clinical ideas and topic pages for quick, point-of-care content.

3. **Scoped Search**
   - Access Scoped Search from any page. Limit results by content type or restrict search to within a publication.

---

**Search Results, Filters and Browse**

1. **Search Results**
   - Content displayed ranked by relevancy, based on search term.

2. **Filters**
   - Narrow results by Source Type, Specialties, Study Type and Date.

3. **Browse**
   - Select a specific source through the Browse feature.

---

**Presentation Maker**

Use the Presentation Maker to create fast, simple presentations.

1. Click the "Presentation Maker" icon within search and browse results to add images to your presentation.
2. Access Presentation items in the "User Menu" to edit multiple presentations at once.
3. Click "Export" to convert your presentation to PowerPoint or Keynote, from either desktop or mobile.
